

# LEGISLATURE BUILDING + PLAZA REJUVENATION

## PROJECT SUMMARY: REVITALIZATION

- **Location:** 10800 97 Ave NW, Edmonton, AB
- **Area:** 13,755 Unique pieces of stone
- **Material:** Locally sourced granite and sandstone
- **General Contractor Legislature Building:** Scorpio Masonry (2019 - 2021)
- **General Contractor Plaza Rejuvenation:** EllisDon (2023 - Present)

### PROJECT SCOPE AND DETAILS

- Stair Restoration
- Exterior Wall Cladding Restoration
- Paving Stones
- Bench Cladding and Stone Profiles

### MATERIAL AND SUPPLIERS

- **Scorpio** supplied, fabricated and installed all Sandstone and Granite elements.
- **Project Management:** Scorpio Masonry demonstrated exceptional skills in managing a tight timeline and strict scheduling.

### RECOGNITION AND AWARDS

- **Awards:** Received a Gold Award at the 2024 Alberta Design Awards for excellence in design and craftsmanship. The Plaza Rejuvenation was awarded the 2024 Infrastructure Minister's Award for Innovation in Equality.

### COMMUNITY IMPACT

- **Cultural Significance:** Enhances community pride in architectural heritage and contributes to Edmonton's cultural narrative.
- **Public Engagement:** The Plaza Rejuvenation re-imagines the outdoor space at the Legislature Building grounds, adding a new reflecting pool, fountains, and terrace pools while prioritizing wheelchair accessibility, durable materials, and the reuse of existing site elements.
